SERVICES

"LOOKING AFTER MELTON'S EYES SINCE 1985"

WE'RE CELEBRATING WITH **\$40 OFF** GLASSES FOR YOU!^

Thank You Melton – You're Part of the Family

This year, Melton Optical Services turns 40 – and we couldn't have done it without you.

Since 1985, our family-run practice has proudly cared for the eyes of the Melton community. From the very beginning, we've focused on delivering professional, compassionate care with a personal touch.

I, Mario, opened my first clinic on Alexandra Street at just 23. Not long after, I was joined by my wife Stefani, who brought her own experience in optics and a warm, caring presence that has shaped our practice ever since.

Mario 1985

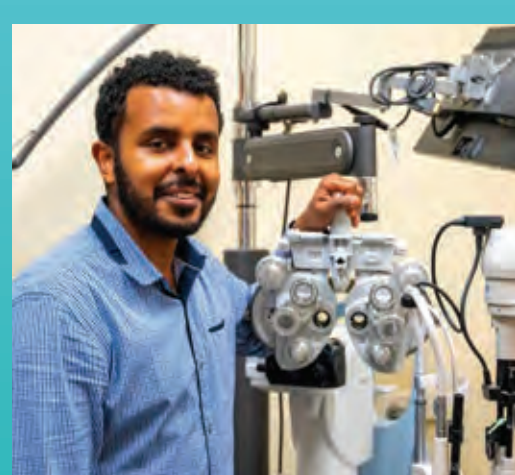

Today, we continue to work side by side, with our four children having contributed over the years – keeping our family values front and centre.

Over four decades, we've had the joy of caring for three generations within many local families.

One of my very first patients from 1985 remained with us right through until he passed away – a true testament to the lifelong bonds we've formed.

And in true country spirit, our patients often pop in with home-grown produce – including the beautiful pumpkin you'll see below!

Our practice has grown steadily alongside Melton. We moved into our current space at 22 Alexandra Street in 1985, expanded our consulting rooms, and welcomed well experienced optometrists Sami Abdulwadud and George Prassinis to the team.

A Special Thank you

As part of our 40 year celebrations, we're excited to offer you

\$40 OFF

**any complete pair of glasses
during September or October 2025^**

Thank You, Melton

From all of us at Melton Optical Services – thank you for 40 incredible years. Whether you've just joined us or been part of our story since the beginning, it means the world to have your trust and support.

Here's to the next chapter – we can't wait to see you soon.

Warm regards,

Mario and the team at Melton Optical Services

BOOK AN EYE EXAM

About Mario

With Mario's qualifications in:

- Ocular Therapeutics
- Advanced Glaucoma
- Low Vision
- Audiology (Masters)

...and his current application for Credentialed Advanced Practitioner in Glaucoma, we continue to expand the services we offer you and your family.

Outside the clinic, Mario is also a published author and painter. His original artworks are displayed throughout the practice, and his latest novel is available for purchase at reception.
